Do you want to improve your performance in your current managerial job, position yourself for promotion, or prepare for a new job and new responsibilities? Management is for YOU.

Frequently asked questions:
- **What does a manager do on the job?** A manager assesses situations, then develops plans, organizes and uses resources, influences others, monitors results and takes necessary actions.
- **What types of companies do managers work for?** All types of organizations – both for profit and non-profit – need employees with management skills.
- **Will my business courses transfer to Chico State or other CSU/UC schools?** YES
- **How much do managers make?** Managers’ salaries depend upon their levels of responsibility within the organization, and vary based on industry, geographic region, functional area, education, and experience.

**WAGES AND BENEFITS:**
Management skills are useful in many job settings: retail, wholesale, manufacturing, social services, government, agriculture, and education.

Compensation packages and career opportunities vary widely based on the type and size of the organization, the responsibilities of the job, and the level of the position within the organization.

**RECOMMENDED SEQUENCE OF STUDY:**
This sequence may require adjustment if students need to fulfill basic prerequisites. General Education, competency requirements, and Business electives specific to the option must also be integrated into this sequence of study.
