Nursing students who have already earned a baccalaureate or higher degree from a regionally accredited institution of higher learning are not required to complete any general education requirements. Instead, these students only need to complete the coursework necessary for licensing as a registered nurse.

The District shall consider all of the following when screening nursing students:
- academic degrees or diplomas, or relevant certificates, held by the applicant; and
- grade point average in relevant coursework.

Loan assumption agreements may be awarded to undergraduate and graduate students with demonstrated academic ability.
