

This document provides a summary of the steps taken by the below campus entities in preparation for the Bb 9 transition for faculty and students. In almost all cases, TMI coordinated any collaborative efforts, performed research, scheduled, and facilitated events or trainings.

- Technology Mediated Instruction (TMI)
- Center for Academic Success (CAS)
- Academic Technology Committee (ATC)
- Associated Students & Academic Senate
- Professional Development
- Library
- User Support Services (USS)
- Student Technical Support Taskforce

Students:

- 8 Student Orientation to Bb sessions were facilitated by TMI staff at the Chico Center and Main Campus. (CAS faculty will resume this role in Fall/Spring semesters.)
- TMI developed a “Student Support” link, containing all Academic and Technical resources as part of the standard Bb Course Shell (an empty Bb course).
- TMI re-trained CAS faculty facilitators to hold new MyBC/Bb Critical Skills Workshops.
- TMI is currently partnering with Library staff to develop a 1 unit Digital Literacy course to assist students with technical skill issues. (There is no current equivalent).

Faculty:

- 46 informational sessions (1.5 hours) detailing the migration process from Bb 8 to Bb 9 and a tour of the new system. Occurred at all three District locations. Seven such sessions occurred in the evening. (4/12-5/19)
- TMI staff spent two days of professional development (in Bb 9) with members of the Technology Learning Program (TLP) and Distributed Learning Technologies (DLT) at CSU Chico. Training facilitated by Kathy Seville, from Marshall University. (3/14-15)
- TMI staff spent two days of professional development (Administration of Bb 9) with members of the Distributed Learning Technologies (DLT) at CSU Chico. Training facilitated by Chris Bray, from University of Arkansas. (5/5-6).
- TMI launches the revamped The Summer Bb Training schedule (to date) at over 60 sessions. Average number of faculty attendance was 8.

Butte College Student Technical Support

Summer Hours: Monday- Thursday 8 AM - 5 PM

Blackboard Upgrade

Contact us: 530.895.2925 or studenttechsupport@butte.edu

The Butte College Student Technical Support staff can assist all students with technical related issues related to use of campus services and computer labs. These include:

- MyBC login/password
- Student e-mail (forwarding and access)
- Campus wireless access
- Blackboard access
- On-campus printing
- WebAdvisor

The college uses an online system called Blackboard to help instructors distribute documents, communicate with students, and conduct online courses. Many teachers expect their students to use Blackboard as part of any class. New and returning students are encouraged to take advantage of these sessions. See below for this summer's schedule. More sessions for Fall 2011 will be announced and offered through the Center for Academic Success (CAS).

Summer 2011 - Blackboard Orientation Sessions For All Students

Date	Time	Location
Monday 6/20	11 AM-12 PM	LRC 118, Main Campus
