Dear Friends,

I am proud to share our 2017–2018 Annual Report with you. Our dedicated faculty and staff remain committed to helping 12,000 students a semester succeed in pursuing their educational goals, as well as helping improve our workforce and local economy.

“Students First” is Butte College’s core value. Our faculty and staff are committed to providing the best possible educational experiences for our students. At the Skyway Center in Chico, we expanded our automotive technology space to make room for a new auto diesel program. On the main campus, we began improvements on our athletic facilities and several utility infrastructure projects. In addition, we broke ground on our new welding and manufacturing facility which will be completed in September 2019. This state-of-the-art facility will allow us to expand our nationally-recognized welding program.

This year, we celebrated Butte College’s 50th anniversary. Throughout the year we held events to showcase our exemplary programs and honor the faculty and staff who started this college and built it into the wonderful institution it is today. We’re so proud of the over 500,000 alumni who found their passion and were trained in their careers at Butte College. In this report you will read about several of our outstanding alumni who were honored at the Butte College Foundation Spring Gala for their service to the community.

With the passage of Measure J, thanks to the voters in Butte and Glenn Counties, we started construction projects to better the educational experiences of our students. At the Skyway Center in Chico, we expanded our automotive technology space to make room for a new auto diesel program. On the main campus, we began improvements on our athletic facilities and several utility infrastructure projects. In addition, we broke ground on our new welding and manufacturing facility which will be completed in September 2019. This state-of-the-art facility will allow us to expand our nationally-recognized welding program.

This spring, I joined other local educational leaders and signed the Butte County Promise. We are also in the planning stages of creating a Glenn County Promise. This Promise is a collaborative effort among all local educational entities to ensure that every child in our district has the chance to go to college and succeed. To help meet this goal, we’ve launched the Butte College Promise Scholarship. I am excited to announce that beginning in Fall 2018, every first-time full-time resident student will have fees and tuition covered for two semesters.

Even with the Butte College Promise Scholarship, many students face financial and life challenges that impact their ability to complete their education. A significant barrier for many students is the high cost of textbooks. According to a recent survey 40% of students are not purchasing the textbooks they need to succeed in their classes. Although Butte College is one of the leaders in the state in reducing textbook costs, we need to do more. For this reason, we’re fundraising to expand the Butte College Promise Scholarship program to cover second year tuition and fees and to help pay for books and supplies. If you would like to learn more about how you can help, please call (530) 895-2359 or email foundation@butte.edu.

If you have not visited our main campus, I invite you to come and take a tour. You’ll be amazed at how the campus is transforming the learning environment to better serve our students.

Thank you for your continued support of Butte College.

Dr. Samia Yaqub
Butte College Superintendent/President
Student Demographics 2017–2018

TOTAL STUDENTS: 16,224

Our Mission:
Butte College is a student-centered learning institution which provides quality education and support services, that are continuously evaluated and improved, to prepare students to be productive members of a diverse, sustainable, and ever-changing global society. We provide career and transfer pathways for students to become life-long learners and critical thinkers through the mastery of basic skills, workforce training, and the achievement of degrees and certificates.

A total of 1,683 degrees were conferred at the College’s 49th Annual Commencement in May, 2018.

Top Programs
The California Community Colleges Chancellor’s Office honored Butte’s programs for employment, earnings gains, and regional living wage outcomes.

GOLD STARS were awarded to: Registered Nursing and Respiratory Care Therapy.

SILVER STARS were awarded to: Plant Protection, Business Management, Welding, Licensed Vocational Nursing, Child Development, Law Enforcement, Fire Technology, and Firefighter 1 Academy.

Butte College
What We Offer

Butte College is an accredited community college serving Butte and Glenn Counties with 12,000 students each semester. Our main campus is a designated wildlife refuge on 928 acres—making it one of the largest community college campuses in California. Butte College provides a quality education experience to the communities it serves and offers a main campus in Oroville, with centers in Chico and Orland.

Students enjoy a rich campus life with over 40 campus clubs and 13 athletic teams. Butte College is proud to be one of the first community colleges to offer a Veterans Resource Center.

With exceptional faculty and instructional programs, Butte College offers over 180 academic programs. Students receive high quality general and transfer education or advance their career and technical skills, and Butte College has the highest transfer rate to CSU, Chico. Education is affordable at Butte College, with tuition at $46 per unit.

Degree & Transfer Programs with 93 Associate Degree Programs
• Butte’s general education classes match that of a four-year university’s freshman and sophomore program
• Over 1,000 Butte College students transfer to universities nationwide
• Guaranteed transfer to a CSU— with 30 Associate in Arts for Transfer and Associate in Science for Transfer degrees
• Career programs include fire, nursing, law enforcement, business, computer science, automotive, agriculture, child development, and more
• Nationally recognized welding program
• Butte’s fire and law enforcement academies are recognized across the state. We also train students to become State Park Rangers and Fish & Wildlife Wardens

Economic Development Programs
• The Training Place offers employee training in areas such as health, customer service, manufacturing, safety, and more
• Health Workforce Initiative provides training programs to meet emerging demands for health care industry workers
• The Butte College Small Business Development Center offers technical assistance for business owners and entrepreneurs through consulting, trainings, and referrals
Sean Headley, Student Commencement Speaker

Student commencement speaker Sean Headley, 25, of Grass Valley, earned two Associate in Science degrees, one in mathematics and one in physics. Sean is now attending UC Davis and his course of study is Computer and Electrical Engineering.

“Today each and every one of us holds something special in our hearts and minds, and that’s the gift of knowledge. We can use that gift to continue changing our lives for the better, and we can use it to keep achieving, even when we struggle, we can use it to give back, and we can use it to inspire others around us,” said Headley.

Headley faced some major obstacles to graduate college.

“I grew up very poor and in the 8th grade, I dropped out of school. My mom talked about her classes and a kind instructor. It inspired me to attend Butte College. However, I failed my first chemistry course and took it again—earning an A. I’m so glad that I didn’t turn back when I hit road blocks,” said Headley.

Marcus Rutledge, Commencement Vocalist

Commencement vocalist Marcus Rutledge, 20, of Paradise, performed the National Anthem. Rutledge earned his Associate in Arts Transfer degree in Theater Arts and transferred to San Diego State University to earn his Bachelor’s Degree in Musical Theater.

“My freshman year, I had some financial troubles which led me to taking a semester off, but I returned and received help. I’m excited for the future and better prepared to embark on the next steps of my journey,” said Rutledge.
Youngest & Most Mature Graduates

Kayla Atkinson and Carol Peet

Butte College’s 2018 graduates span a wide array of ages, ranging from 16–77. The college’s youngest graduate to be participating in commencement was Kayla Atkinson, 18, of Paradise, who received her Associate in Arts degree in Social and Behavioral Science. Butte College had five graduates over the age of 60 and two over age 70. The most mature graduate, Carol Peet, 77, of Chico, earned an Associate in Science degree in business/entrepreneurship. Carol hopes to start a new business as a traveling tutor.

Graduate

Kristine King

Kristine said she always knew she wanted to attend college but being a student in her 30s was a challenge.

“I had to work two jobs just to get by so I didn’t have time for an education,” said King. “My favorite class at Butte was a marketing class that I took at night. The classes helped me advance in my job. Being the first one in my family to go to college makes me happy and my parents proud,” King said.

Promise Program Offers Tuition, Fees
For First Time College Students

The cost of attending college is a significant hardship for most students. A full time student will spend over $11,000 a year to attend college. With tuition, books, equipment and supplies, many students decide not to attend college because of the financial hardship. This fall, Butte College’s new Promise Scholarship Program offers tuition and fees for up to two semesters for first-time, full-time college students. In order to expand this program, we are seeking donors to help our students succeed. This is a great way to give back to our students, who in turn are trained for our workforce and contribute to our local economy.

To learn more about the Promise Program, call (530) 895-2359 or email foundation@butte.edu.

Dr. Shaun-Adrián Choflá
Butte College Instructor Honored

Dr. Shaun-Adrián Choflá was named “Educator of the Year” by the Chico Noon Rotary Club. Dr. Choflá is a faculty member in the Education, Child and Family Studies Department at Butte College, where he serves as a co-advisor for the Future Educators Student Club, a senator on the Academic Senate, and serves on the Executive Committee of the Academic Senate. During his first semester at Butte College, he was one of the faculty co-founders of the student-initiated LGBT Taskforce, which has become a sub-committee of the college’s Diversity Committee.

He earned a doctorate in education with a focus on curriculum, instruction, and assessment and a master’s degree in human development, with an emphasis on transformative learning. His doctoral research, published as a book in 2017, explored the ways preschool teachers promote and hinder gender exploration in the early-childhood classroom. His subsequent follow-up studies have focused on comparing preschool practice in urban with rural areas of Northern California.
Thank you Butte and Glenn County Voters!

Thanks to voters in Butte and Glenn Counties for approving a bond measure in November 2016 to help upgrade college facilities over the next 15 years. Projects to be completed by 2020 include the construction of a new welding and manufacturing facility, expansion of an auto diesel program at the Skyway Center, and upgrades to infrastructure and technology. The first series of bonds (Series A) was issued in April 2017 in the amount of $42 million.

The role of the Citizens’ Oversight Committee is to inform the public about the expenditure of revenues received from the sale of bonds authorized by voters with the passage of Measure J.

Here are the members of the Citizens’ Oversight Committee:

**Business/Community Representatives:**
- Mike Boss, Business Organization; Tom Lando, Member at Large; John Nock, Member at Large.

**Bona Fide Taxpayers Association:**
- Gilbert Houston, Howard Jarvis Taxpayers Association.

**Senior Citizen’s Organization Representative:**
- Orval Hughes, Peg Taylor Center.

**Student Organization Representative:**
- Emilio Smith, Associated Students.

**College Advisory Council or Foundation Representative:**
- Trish Dunlap, Butte College Foundation

For more information, visit www.butte.edu/measurej

Welding & Manufacturing Facility Breaks Ground

Butte College held a groundbreaking for a new $18.1 million Welding and Manufacturing facility. The construction project utilizes 96 percent local subcontractors and will be completed in September 2019. This project is funded through Measure J, a $190 million bond measure voters approved in November 2016. The facility will house a permanent welding and manufacturing center and will increase welding and manufacturing educational programs to meet industry demands.

The college’s welding program has been recognized nationally and statewide as a premiere technical education program. The new facility will include four classrooms, two dedicated welding labs with 92 welding stations, a dedicated state-of-the-art manufacturing lab, rod storage, tank storage, and a large outdoor laboratory. The building will include 59,525 square feet and will be constructed on the main campus.
Butte College’s Spring Gala honored several outstanding alumni of the year: Dr. Veronica Hooper and first-ever couple: Marisa and Dr. Travis MacKenzie.

Dr. Veronica Hooper is the Physician Executive for Multi Care in Tacoma Washington and grew up in Durham. She became the first in her family to attend college when she enrolled at Butte. Although her parents had not completed high school, they stressed the importance of higher education and Veronica says she knew by the 7th grade that she wanted to become a doctor. Veronica credits Butte College with helping her gain her confidence. Veronica transferred to UC Davis where she earned a bachelor of science degree and attended Western University of Health Sciences Pomona. She became a doctor of osteopathic medicine in 2000. Veronica and her husband, along with her three children reside in Gig Harbor, Washington.

Marisa and Dr. Travis MacKenzie were honored together since they met at Butte College. Marisa said her Butte family “changed her life” by helping her learn to trust herself and gave her confidence. Marisa transferred to UC Davis and later enrolled in the UC Davis Physician Assistant Program. She is a Physician Assistant for Shasta Orthopaedics & Sports Medicine. Travis came to Butte College by way of British Columbia, Canada to play football in 2001. Travis says he chose Butte College for its football program and his experience was “extraordinary.” He earned a scholarship to Northwest Missouri State University and attended Saint Georges University, School of Medicine. Travis is the Director of Emergency Services, Trauma, Sepsis, Chest Pain & Stroke at Abilene Regional Medical Center in Texas. Marisa and Travis have three children and reside in Redding.
Health, Kinesiology & Athletics

Several teams earned a spot in state playoffs: Women’s Soccer, Women’s Volleyball, Women’s Softball, Men’s Basketball, and Men’s Baseball.

Men’s Cross Country team won the Golden Valley Conference.

Men’s Track & Field team won the Golden Valley Conference. Women’s Track & Field athlete Kaylee Shoemaker won four conference events and was named All-American.

Connor Blair (Baseball) and Kaylee Shoemaker (Track & Field and Volleyball) were named Butte College’s Male and Female Athletes of the Year.

Women’s Golf had three players advance to the state tournament.

Football participated in the State Center Bowl Game -with 16 players receiving scholarships.

Men’s Basketball player Darae Elliot was named All-Conference and All-Northern California.

Baseball outfielder Connor Blair was named Conference and Northern California Player of the Year.

Women’s Softball had five players named to the All-Conference team.

Basketball Coach Russ Critchfield was inducted into the Northern California Hall of Fame.

Athletic Director Craig Rigsbee was inducted into the Hartnell College Hall of Fame.

Associate Faculty members Sabrina Fairchild and Camilla Bantum received Golden Apple awards for “Excellence in Teaching.”
Scholarships Change Lives Forever!

Butte College Foundation

A donation to the Butte College Foundation will have an immediate impact on students who desire to change their lives through education. Through your gift, you will become a partner in our efforts to provide student scholarships, student services, department programs, faculty development opportunities and more.

Your tax-deductible contribution makes it possible for the Butte College Foundation to meet the greatest needs that have the broadest student impact.

Some ways you can help include:

- Consider Butte College in your will or living trust
- Create a scholarship in memory of a loved one
- Consider making an annual gift to a program or department
- Leave a legacy and consider naming a building at Butte College
- Donate stocks or securities
- Make a gift of real estate

The Butte College Foundation is an incorporated, nonprofit 501(c)(3) organization, founded in 1987, and is overseen by a volunteer board of directors.

If you have questions about the Butte College Foundation, please call us at (530) 895-2359 or email foundation@butte.edu
