

AP 5220 Shower Facilities for Students

References: Education Code Section 76011

Approved: September 5, 2018

Last Revised:

Last Reviewed:

The District maintains shower facilities for student use on campus that may be used by students, including any homeless students, who are enrolled in a minimum of 1 unit of coursework at Butte College, have paid enrollment fees, and are in good standing with the District.

A homeless student is defined as a student who does not have a fixed, regular, and adequate nighttime residence. This includes, but is not limited to, students who: are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to lack of alternative accommodations; are living in emergency or transitional shelters; have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings; or are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

Shower facilities are located at:

Butte College Main Campus
Women's Locker Room (WLR); Men's Locker room (MLR)
3536 Butte Campus Drive, Oroville, CA 95965

These shower facilities are open for use by students for a minimum of 2 hours per weekday, consistent with the normal hours of operation of such facilities. The scheduled availability of the shower facilities for use by students shall not conflict with intercollegiate athletics programs, and shall be scheduled at different times from these programs. Should any intercollegiate athletic program use conflict with student use of these shower facilities, the College shall schedule at least 2 hours of alternate shower use time on the same day.

At the start of each term, the College will post the schedule when the specified shower facilities are open for that term for use by students. The schedule will be posted at each location of the above shower facilities.
