Redistricting Rules and Goals

Federal Laws

Equal Population
Federal Voting Rights Act
No Racial Gerrymandering

Traditional Redistricting Principles

Communities of interest
Compact
Contiguous
Visible (Natural & man-made) boundaries
Respect voters' choices / continuity in office
Planned future growth
Preserving the core of existing election areas

“Communities of Interest”

Under the California Elections Code, “community of interest” has a very specific definition in the context of districting and redistricting cities and counties:

A “community of interest” is a population that shares common social or economic interests that should be included within a single district for purposes of its effective and fair representation.

Communities of interest do not include relationships with political parties, incumbents, or political candidates.
