

Financial Aid Presentation

During our November 4 meeting, the Director of Financial Aid, Jeannie Lybbert, will present important updates on financial aid changes that are already affecting our students.

Loan eligibility each semester is tied to students' enrollment intensity. These changes will affect how students receive financial aid.

There are no financial aid appeals for changes in disbursements. As faculty, we will learn how to support students and understand how these changes relate to:

- Attendance and census reporting procedures, in accordance with applicable Administrative Procedures (APs).
- Academic engagement and the importance of posting grades accurately and in a timely manner.
- Timely reporting and its impact on students' financial aid.
- Referring students with financial aid questions to the Financial Aid Office.
- Encouraging students to consult with the Financial Aid Office before dropping a class.
