### 1. Review Strategic Initiatives

President Guleff reviewed the strategic initiatives. College Council members selected which work groups they will lead:

- Strategic Initiative 1: Jess Vickery and Erik Shearer
- Strategic Initiative 2: Brad Zuniga, Irma Gonzalez Cuadros, and Chris Westbay
- Strategic Initiative 3: Denise Adams
- Strategic Initiative 4: Carrie Monlux
- Strategic Initiative 5: Andy Suleski
- Strategic Initiative 6: Tray Robinson and Alicia Hernandez

### 2. Discuss College Capacity

Council members reviewed the components of the strategic initiative for which they selected to lead the work group to determine which have supporting actions in progress, which are do-able if not already in progress, and which might be beyond our institutional capacity. For every initiative, council members felt that many elements are already in progress, and further or enhanced actions will be possible.

### 3. Review/Discuss Strategic Planning Process

President Guleff discussed three key elements of how College Council members will lead the work plan groups during the strategic planning sessions. Modifying the initiatives is not part of this process. She will work with PPL to develop a parking lot mechanism for ideas that arise but do not support the initiatives. Group leaders should be prepared to help participants understand the role college processes such as unit planning and budgeting play in strategic planning. Finally, the process should focus on future activity.
