1. Completion of the Strategic Plan

President Guleff reported that she reviewed the output of the March strategic planning sessions with PPL. Due to the large amount of material to work with, creating the plan will take more time than originally anticipated. College Council reviewed and discussed a modified timeline that aims to complete the final draft during fall semester.

College Council discussed how to determine which proposed activities should be included in the strategic plan. Those that fulfil the governor's Roadmap for Success and increase Butte's metrics will be included. Activities that address the student-centered funding formula will also be prioritized. Activities will be categorized by themes: access, support, and success.

2. Accountability Timelines

College Council formed three task forces: Institutional Effectiveness Manual taskforce (Virginia Guleff, Irma Gonzalez Cuadros), Committee Chairs' Summit taskforce (Tray Robinson, Jess Vickery, Alicia Hernandez), and Strategic Plan (Erik Shearer, Denise Adams) taskforce.

College Council discussed a proposed calendar for next year. In the fall, the group will begin updating administrative procedures after developing a review process and schedule. The group will also develop a process for participatory governance review of APs. In the spring, College Council will do strategic plan check-ins with formal report-outs starting in fall 2024. This group will develop a process and calendar for those activities.
