Main Campus (Math 129), Chico Center (134)

Members present: Brooke, Monica, Alan, Laurel, Andrea, Chico Center participant, Elizabeth

- I. Call to Order
- II. Approval of Agenda: approved
- III. Approval of Minutes: approved
- IV. Public Comments: none
- V. CCSSE / ILO Crosswalk: new format that might work well for Dialog Days,

Plan for Dialog Days I:

Tell faculty to come to both dialog days.

Put in chat

Describes what is CCSSE done by Alan (5 minutes)

Suzanne describes the crosswalk and how it was done (10 minutes)

We mapped each line to just one ILO (we had to link to just one ILO)

Explain what you the instructor can do to help improve #s.

Outline of what we'll do and description of survey, state # of students who took

Describe that survey done here (about 8% of students) and elsewhere.

Do 5 minutes per ILO

Have specific question for each

What could you do or do you do in your class related to an item to help Butte improve item

What stands out to you because it's encouraging or discouraging

Plan for Dialog Days II: (faculty methods of accessing)

How do you access

How to measure critical thinking

Deep dive into the what ILOs are.

Introduce—explain why we're changing faculty reflections

Put document in chat

Suzanne Start with ILO piece, How many students achieved each ILO, blue is good, some are low

Suzanne Very clearly describe graphs to faculty

What stands out to you?

Is there a disconnect in what we do and what student thinks we do?

If large group, split into breakout groups with committee member in each group—well, now we've decided that we probably shouldn't do break out rooms.

Give 5 minutes to absorb what we'll do

50% is neutral

Suzanne makes title and description

Put document in chat.

Move Dialog Days I and II to 9-10 and 10-11 and AC/DC to noon-1.

Print out only red and green ones

Make an honorable mention section and include ones we faculty do well at (Received prompt feedback from from instructors)
