

, Student Learning Outcomes Committee - Minutes
September 10, 2024
2:30 pm – 4:00 pm
Main Campus (Math 125), Chico Center (134)

I. [Dialog Days Planning](#)

II. Call to Order 3 PM

Present: Laurel Hartley, Dan Barnett, Penny Lillie, Ted Cluver, Lia Deromedi, Brooke Kennedy

III. Approval of Agenda & Minutes

A. motion to approve - Laurel; second - Dan

IV. Public Comments

Dan - Consider SLOs and how to modify with common course numbering, will be mandated. Also -If AI is an environment not a tool, how does that affect SLOs, should SLOs, or one of them reflect that. SLOs assume a certain learning environment and that is changing. Need clarity.

Suzanne - part of it out of our purview, belongs to department. Can add it in with ILOs and GELOs. Mandated SLOs, topics etc will be baseline, we want to be able to add others on top of that. Senate will discuss.

V. Committee Membership & meeting times. These will remain as is. Brooke moved Dan seconds

VI. [Annual report](#) was shared

VII. Zoom option for the public?

VIII. Future tasks,

A. Review [Bylaws](#) (yearly)

Laurel - Rotating membership sometimes advantageous, sometimes not. Notice in new bylaws from senate, an exception can be made if someone is deemed 'important', can remain. No term limits if needed. Up to us on committee, decide amongst ourselves.

Scope and duties

Brooke moved and Dan seconded motion to change 4th bullet to:

Provide professional development training in teaching and learning techniques, assessment strategies, and related topics

5th bullet point:

Mission statement change: Dan moved, Laurel seconds

To create processes that allow all academic programs at the college to conduct ongoing, systematic assessments of student learning outcomes (SLOs) that focus on improving student success equitably and adhere to accreditation requirements. To promote institutional dialog in all areas of (academic-delete) outcomes assessment. (delete academic from last sentence)

Change to: Foster cross-disciplinary *learning and* assessment community.
