

Student Learning Outcomes Committee - Minutes

September 2, 2025

3:30 pm – 5:00 pm

Main Campus (SCI 134), Chico Center (CHC 157)

- I. Call to Order at 3:35 PM by Julie
- II. Introductions: Julie Jenks (SLO Coordinator), Andrea White, Elizabeth Wannemacher, Shannamar Dewey, Ted Cluver, Lia Deromedi, Laurel Hartley
- III. Approval of Agenda & Minutes (agenda moved Mar, 2nd Laurel, approved unanimously; May 6 Minutes Laurel moved, Andrea 2nd, approved unanimously with abstentions from Lia, Elizabeth, and Mar; May 13 Minutes Laurel moved, Andrea 2nd, approved unanimously with abstentions from Lia, Elizabeth, and Mar)
 - A. [May 6 Meeting Minutes](#)
 - B. [May 13 Special Meeting Minutes](#)
- IV. Public Comments
 - A. Elizabeth shared that the Dialog Days were well put together and useful.
- V. Dialog Days Recap & Reflections for January
 - A. Include on an earlier agenda for more collaborative planning and by mindful of when the Flex planning forms are due
 - B. Authentic Assessment workshop was well-received. The list of resources will be shared via Dialog Days area of SLO Committee website.
 - C. Dialog Days scheduled on Friday before semester starts – get great ideas but little time to incorporate – could we move it earlier? We don't want to lose attendance (may lose some and gain others). Julie will check with Jason to see if this is possible. Or propose a learning group during the dialog days session to form a community of practice to continue developing ideas and keep each other accountable.
- VI. Update on [Charter & Bylaws](#)
- VII. Goals for this Semester

A. SLO Assessment Process Revision: [Intro Document](#)

- Could we build AI that can pull conversations from departments/courses that map to courses within a program.
- How common is the issue of a PLO not being achieved/assessed within a department? Julie will bring examples to next meeting. Consult with John Dalghren about this as the North Far North Consortium as it may impact CTE programs or courses.
- Julie will develop an assessment rubric using the ILOs and share it with the committee.
- Committee members: Please map your program-level outcomes to the criteria for the ILO-based rubric to see how it works and find potential issues.

VIII. Future tasks

A. Discuss [ILO Results](#)

B. Once GE Taskforce has finished work - Revisit GELOs (AP 4025 and 4100)

IX. Laurel moved to adjourn at 4:49 PM.
