

Student Learning Outcomes Committee - Agenda

October 6, 2026

3:30 pm – 5:00 pm

Main Campus (SCI 126), Chico Center (CHC 134)

- I. Call to Order
- II. Attendance
- III. Approval of Agenda & Minutes
 - A. [September Meeting Minutes](#)
- IV. Public Comments
- V. Old Business
 - A. [25-26 Annual Report](#)
 - B. Development of a UDL-themed session on Assessment for [November Flex](#)?
Identify a sub-team of facilitators?
 - C. SLO Reflection Form Revisions
 - 1) Update ILO to assess
 - 2) SLO Assessment process feedback incorporated into the Reflection? (ie. if faculty have examples of how to improve reflection form questions to make them more meaningful, would faculty be willing to share with SLO coordinator?)
 - 3) SLO Assessment Hub – we talked about selecting some examples of varied quality – Julie partnered with AI to develop a rubric and analyze SLO Reflections from last semester to help identify good examples – here is the output report: [SLO Reflection First Round Review.xlsx](#) – we can have an initial discussion and review this asynchronously ahead of November's meeting if needed.
- VI. New Business
 - A. Outcomes Mapping
 - 1) Course SLO to ILO Mapping: This is done in Curriculum (Acadea) when curriculum is submitted, and different disciplines map to ILOs differently. I'd like the SLO committee to discuss proposed guidance to take to Curriculum Committee around this.

- 2) Course SLO to PLO Mapping: This is currently not done anywhere specifically. Programs have PLOs and they have course maps. There was a question about this from a department chair, and I think it could be a useful tool to help departments plan SLO Assessment.

VII. Future tasks

- A. Discuss [ILO Results](#)
- B. Once GE Taskforce has finished work - Revisit GELOs (AP [4025](#) and 4100)
