INDEPENDENT AUDITORS' REPORT

To the Board of Trustees
Butte-Glenn Community College District
Oroville, California

Opinion

We have audited the accompanying financial statements of the Butte-Glenn Community College District's (the "District") Measure J General Obligation Bonds and the related notes to the financial statements as of and for the fiscal year then ended June 30, 2024, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure J General Obligation Bonds of the District, as of June 30, 2024, and the changes in financial position for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the District's Measure J General Obligation Bonds and do not purport to, and do not, present fairly the financial position of the District as of June 30, 2024, and the changes in financial position for the fiscal year then ended, in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2024 on our consideration of the District's internal control over financial reporting and on our test of its compliance with certain provisions of laws, regulations, contracts and other matters for the Measure J General Obligation Bonds. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance for the Bond Funds. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance for the Bond Funds.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Butte-Glenn Community College District (the "District") accounts for its Measure J General Obligation Bond Funds' ("Bond Funds") financial transactions in accordance with policies and procedures of the State Chancellor's Office's California Community Colleges Budget and Accounting Manual. The accounting policies of the Measure J Bond Funds conform to accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The following is a summary of the significant accounting policies:

Financial Reporting Entity: The financial statements include only the Bond Funds' Measure J General Obligation Bond Resources of the District. The funds were established to account for the expenditures of general obligation bonds issued under the General Obligation Bonds (Election of 2016, Series A, B and C). The authorized issuance amount of the bonds is \$190,000,000. These financial statements are not intended to present fairly the financial position and results of operations of the District in compliance with accounting principles generally accepted in the United States of America.

Basis of Accounting: Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements represent the Measure J General Obligation Bond Funds of the District and are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

Cash and Cash Equivalents: For the purpose of the financial statements, cash equivalents are defined as financial instruments with an original maturity of three months or less. Funds invested in the Butte County Treasury are considered cash equivalents.

Restricted Fund Balance: Restricted fund balance includes resources which are legally or contractually restricted by external third parties. Fund balance is restricted for capital projects of the Measure J Bond Funds in accordance with the Bond Project List for Measure J General Obligation Bonds.

Accounting Estimates: The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Encumbrances: Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents at June 30, 2024 consisted of \$43,565,497 held in the County Treasury investment pool.

Credit Risk: In accordance with Education Code Section 41001, the Bond Funds maintain all of their cash in the Butte County Treasury. The County Treasurer of Butte County acts as the Measure J General Obligation Bonds Fiscal Agent. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at fair value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

Because the Bond Funds’ deposits are maintained in a recognized pooled investment fund under the care of a third party and the Bond Funds’ share of the pooled investment fund does not consist of specific, identifiable investment securities owned by the District, no disclosure of the individual deposits and investments or related custodial credit risk classifications is required.

In accordance with applicable State laws, the Butte County Treasurer may invest in derivative securities. However, at June 30, 2024, the Butte County Treasurer has represented that the Treasurer's pooled investment fund contained no derivatives or other investments with similar risk profiles.

Investments Authorized by Debt Agreements: Investment of debt proceeds held by bond trustees are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the District's investment policy. The table below identifies the investment types that are authorized for investments held by bond trustees. The table also identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage Allowed	Maximum Investment in One Issuer
County Pooled Investment Fund	None	None	None

NOTE 2 – CASH AND CASH EQUIVALENTS, continued

Disclosures Relating to Interest Rate Risk: Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the maturity date of each investment:

Investment Type	Weighted Average Maturity (in Days)
Butte County Investment Pool	729

Concentration of Credit Risk: The District's investment policy places limits on the amount it may invest in any one issuer. At June 30, 2024, the District had no concentration of credit risk.

NOTE 3 – PURPOSE OF BOND ISSUANCE

Bond Authorization: By approval of the proposition for Measure J by at least 55% of the registered voters voting on the proposition at the election held on November 8, 2016, Butte-Glenn Community College District was authorized to issue and sell bonds of up to \$190,000,000 in aggregate principal amount.

Purpose of Bonds: The proceeds of the Bonds may be used:

"To upgrade classrooms to improve safety and prepare students/ veterans for university transfer/careers, such as nursing, welding, emergency response by upgrading aging classrooms/ technology, removing asbestos/ unsafe gas lines, improving water conservation, electrical wiring, security, constructing science, welding, public safety, Veterans facilities, and repairing, acquiring, constructing property, facilities/ equipment, shall Butte-Glenn Community College District issue \$190,000,000 in bonds at legal rates, requiring independent audits, citizen oversight, all funds spent locally?"

As required by the California Constitution, the proceeds from the sale of bonds will be used only for the construction, reconstruction, rehabilitation or replacement of school facilities including the furnishing and equipping of school facilities and not for any other purpose, including teacher and administrative salaries and other school operating expense

NOTE 4 – GENERAL OBLIGATION BOND ISSUANCES

The Bonds represent an obligation of the District payable solely from ad valorem property taxes levied and collected by Butte County and Glenn County on properties within the District. The Boards of Supervisors of Butte County and Glenn County have power and are obligated to annually levy ad valorem taxes for the payment of interest on, and principal of, the Bonds upon all property subject to taxation by the District without limitation of rate or amount, except as to certain personal property which is taxable at limited rates.

In April 2017, the District issued the Measure J General Obligation Bonds, Series A in the amount of \$42,000,000. The bonds mature beginning on August 1, 2018 through August 1, 2046, with interest yields ranging from 0.92 percent to 3.9 percent.

LEGISLATIVE HISTORY

On November 7, 2000, California voters approved Proposition 39, the Smaller Classes, Safer Schools, and Financial Accountability Act. Proposition 39 amended portions of the California Constitution to provide for the issuance of general obligation bonds by school districts, community college districts, or county offices of education, "for the construction, reconstruction, rehabilitation or replacement of school facilities, including the furnishing and equipping of school facilities, or the acquisition or lease of real property for school facilities", upon approval by 55% of the electorate.

Education Code Section 15278 provides additional accountability measures:

1. A requirement that the school district establish and appoint members to an independent citizens' oversight committee.
2. A requirement that the school district expend bond funds only for the purposes described in Section 1(b)(3) of Article XIII A of the California Constitution, and ensuring that no funds are used for any teacher or administrative salaries or other school operating expenses.
3. A requirement to conduct an annual independent performance audit required by Section 1(b)(3)C of Article XIII A of the California Constitution.
4. A requirement to conduct an annual independent financial audit required by Section 1(b)(3)D of Article XIII A of the California Constitution.

BUTTE-GLENN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, MEASURE J

The Butte-Glenn Community College District, Butte County and Glenn County, California Election of 2016 General Obligation Bonds, Measure J were authorized at an election of the registered voters of the Butte-Glenn Community College District held on November 8, 2016 at which more than fifty-five percent of the persons voting on the proposition voted to authorize the issuance and sale of \$190,000,000 principal amount of general obligation bonds of the District. The Bonds are being issued to finance the acquisition, construction and modernization of certain District property and facilities. The Bonds are general obligations of the District, payable solely from ad valorem property taxes. A summary of the text of the ballot language was as follows:

"To upgrade classrooms to improve safety and prepare students/ veterans for university transfer/careers, such as nursing, welding, emergency response by upgrading aging classrooms/ technology, removing asbestos/ unsafe gas lines, improving water conservation, electrical wiring, security, constructing science, welding, public safety, Veterans facilities, and repairing, acquiring, constructing property, facilities/ equipment, shall Butte-Glenn Community College District issue \$190,000,000 in bonds at legal rates, requiring independent audits, citizen oversight, all funds spent locally?"

BUTTE-GLENN COMMUNITY COLLEGE DISTRICT GENERAL OBLIGATION BONDS, MEASURE J, continued

The District's Board of Trustees developed the following Bond Project List for the Measure J Bonds:

- Upgrade classrooms for job and career pathways in fields like nursing, law enforcement and welding.
- Repair classrooms to better prepare returning veterans for high-paying jobs.
- Provide facilities to prepare students to transfer to four-year colleges and universities.
- Improve vocational education to prepare students for careers.
- Provide a permanent Veterans Resource Center.
- Build a new welding facility.
- Provide a science, technology and engineering center for instruction in high-tech fields.
- Improve water conservation.
- Replace deteriorating gas, electrical and sewer lines and leaky roofs.
- Remove asbestos.
- Meet current building safety codes.

FURTHER SPECIFICATIONS

No Administrator Salaries: Proceeds from the sale of bonds authorized by this measure shall be used only for the construction, rehabilitation, or replacement of school facilities, including the furnishing and equipping of school facilities or the acquisition or lease of real property for school facilities and not for any other purpose, including teacher and administrator salaries and other school operating expenses.

OTHER REPORTS

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees
Butte-Glenn Community College District
Oroville, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Butte-Glenn Community College District (the "District") Measure J General Obligation Bond Funds (the "Measure J Bond Funds") as of and for the fiscal year then ended June 30, 2024, and the related notes to the financial statements, and have issued our report thereon dated November 9, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over Measure J Bond Fund financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting for the Measure J Bond Funds.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District’s Measure J Bond Funds’ financial statements are free of material misstatement, we performed tests of the Bond Funds’ compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity’s internal control or on compliance for the Bond Funds. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity’s internal control and compliance for the Bond Fund. Accordingly, this communication is not suitable for any other purpose.
