For the safety of everyone, guests must remain off the field at all times. Please meet your graduate after the ceremony at the goalpost area near the entrance or at the reception. Thank you for your cooperation.

Immediately following the ceremony, graduates and guests are invited to a reception held on the gymnasium lawn to enjoy refreshments, take a photo with our mascot Dash, and enjoy music.

ACADEMIC REGALIA

THE PAGEANTRY

The pageantry of commencement has its roots in medieval times, dating to the early traditions of Europe's first universities. For centuries, academic dress has been associated with learning. Its origin is considered to be ecclesiastical, though the gown of medieval scholars may have developed out of the ordinary civilian costume of an earlier period. The medieval scholar was often a monk or clergy who found the hood and gown protection against the cold of the unheated buildings. The sleeves of the gown were used for carrying books and supplies.

AMERICAN ACADEMIC REGALIA

American academic regalia was standardized in 1895. A cap and gown indicate that the wearer is a member of a university or college, and an additional hood denotes the wearer has obtained a four-year degree or higher.

THE GOWNS

The gowns are usually black with three types of sleeves and three types of hoods denoting either a bachelor's, master's, or doctorate degree.

THE CAP

The cap is called a mortarboard or a tam. The tam is worn only by individuals who have earned a doctorate.

THE HOOD

The hood is draped over the shoulders and down the back. The trimming of velvet is in the color that represents the subject of the degree, and the lining of silk is the color or colors of the college or university granting the degree. The length of the hood varies with the level of academic achievement with the doctorate hood being the longest.

THE TASSEL

The tassel is fastened to the center button on the top of the mortarboard or tam and is worn in the left front quadrant by those who have obtained a degree. The tassel may be the color of the institution, the major field of learning in which the degree is conferred, or it may be gold, indicating some type of honor has been achieved. At Butte College, graduates wear gold tassels to represent the college's color.

FEATURED GRADUATES

COMMENCEMENT SPEAKER

Jennifer Plasencia

Jennifer Plasencia, a public health science major at Butte College, wasn't always sure college was right for her. A first-generation student from Hamilton City, she originally planned to attend a four-year university, but financial realities made Butte the more practical choice. Seeking a true college experience, she opted for the main campus rather than the Chico or Glenn County Centers and ended up finding much more than she expected.

Early on, her journey took a difficult turn. During her first semester, Jennifer was in a serious car accident while managing a demanding course load in chemistry, physiology, math, and English. Without a car and unfamiliar with public transit, she considered dropping out. "I thought maybe college just wasn't for me," she remembers. But support from Butte's TRIO program, especially support from her advisor, Alison Saechao, helped her stay on course. "They reminded me I was still showing up, still trying, and that meant something."

Jennifer's passion for healthcare is deeply personal. In fifth grade, she watched her mother struggle with anxiety and depression. "I didn't know how to help back then," she says. "But now I do." That experience inspired her to pursue a career in nursing. Thanks to Butte's Certified Nursing Assistant (CNA) program, Jennifer earned her CNA license, leaving behind her fast-food job of three years to work at a Chico nursing home.

On campus, Jennifer stays connected through programs like TRIO and Educational Talent Search. Her next step is transferring to Chico State to finish her public health degree, with the goal of eventually enrolling in Butte's nursing program.

Jennifer credits her parents' sacrifices for her success. "They gave up everything so I could have this chance," she says. "I just want to make them proud."

COMMENCEMENT VOCALIST

Alexis Maldonado

Alexis Maldonado's journey in music began with playing clarinet in middle school and has evolved into a passion for audio engineering and vocal performance. Choosing to study recording arts at Butte College felt like a natural step — not just because it was close to home, but because it offered a vibrant, supportive environment where her talent could thrive.

At Butte, Alexis quickly found her place within the music department, participating in nearly every ensemble and taking on leadership roles in organizing concerts and events. Under the mentorship of faculty like Ryan Heimlich, she expanded her skills through choir, private voice lessons, and audio production courses. "Singing Mozart's *Requiem* with the North State Symphony was an amazing experience," she recalls — just one of many opportunities that allowed her to grow as a performer and collaborator.

Though naturally introverted, Alexis says her time at Butte helped her gain confidence. "I've really stepped out of my comfort zone," she shares. Beyond the classroom, she immersed herself in campus life, especially enjoying events like the Spring Carnival and spring cultural celebrations that showcase the diversity and spirit of the college community.

After graduating, Alexis plans to transfer to Chico State's recording arts program, with hopes of one day working in the music industry in Southern California. Inspired by the mentorship of women in audio production, she's eager to contribute to a more inclusive space in the industry.

Her advice to future students: "Take the time to explore everything Butte has to offer. There's real support here, and so many opportunities to grow."
